

Screen list — build now vs future phase

Everything designed so far, split by what the current Parliamentary release builds and what is designed ahead of time for a later phase. Frame numbers match the three canvases exactly.

? Open before the future phase starts

District-level Activity Zone inheritance — affects C02, C03 and C10. Whether Pages carry a cart or stay message-only — affects PG04. Four parked Section D updates (profile address, Area Overview, Communities list, Parliamentary Area Overview) still to be scheduled.
